# Elite

Glass Balustrade System

Elite is a perfect blend of strength, elegance, and low maintenance. The sturdy aluminum frame provides robust support, giving you peace of mind about the safety and reliability of your balustrades. It's the perfect combination of form and function, ensuring that your space not only looks elegant but stays secure.

## 1 Choose your glass configuration

### Toughened Glass **SAFE**

Toughened glass have greater strength and safety features than float glass, allowing the glass to break with dull edges.

Interlinking rail and gap clamps may be required\*

### Laminated Glass **SAFER**

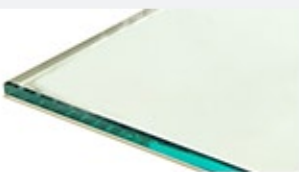

Laminated glass have EVA films between 2 or more layers of toughened glass creating a single panel, guaranteeing that if the glass shatters, it remains bonded together.

### SentryGlas™ **SAFEST**

SentryGlas™ have interlayers in the glass that is significantly stronger and stiffer than traditional laminates, ensuring minimal deflection in case of glass breakage.

## 2 Choose your glass type

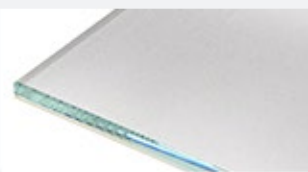

### Standard

Has a slight green tint from standard glass attributes

### Low-Iron

Provides a clearer and more transparent view

### Frosted

Gives superior privacy and security

### Tinted

Minimises sun exposure and provides privacy

## Your balustrade may consist of the following fixings

### i Frame

Fully-framed

Semi-frameless

### A Interlinking Rail

Want to maintain your glass with a forever-new look?

Untreated vs treated

Would you like guidance on the most suitable option for your property? Our team is ready to assist you.

## 3 Choose your fixing colour

Chrome Finish

Satin Finish

Powdercoated

Introducing **Glassmate Nano Coating**. It forms an invisible protective layer on glass surfaces. Consequently, its hydro- and oleophobic effects make contaminants and environmental pollutants less likely to adhere to the substrate. As a result, this leads to an "easy-clean" effect, meaning dirt and scum can be effortlessly removed without the need for harsh abrasive agents.
